

Occupational Health and Safety (OHS): The big picture

Submitted by AA News Network on 6 June, 2018 - 14:04
SOUTH AFRICA

All employers, regardless of size, are required to comply with the requirements of the Occupational Health and Safety (OHS) legislation. But in many industries, including construction, smaller companies tend to see compliance as a burden in terms of both time and money - and many slip under the radar because there are too many of them for the authorities to police effectively.
