

PROJECT MANAGER / Co-ordinator Afrikaans speaking - Gauteng

Submitted by [AA](#) [1] on 5 August, 2013 - 19:20

This is a superb opportunity to join a growing Project Management Organisation and make your mark. Our ideal candidate should have a B Sc Building Civil Architectural Engineering, must have worked for building contractors and strong on the project co-ordination aspects. Added advantageous would be strong communication skills as well as some experience handling tenant installations.

If you have worked as a PM for 1 or 2 years, this may be for as long as you are fully bilingual – all documents are in Afrikaans. You would be required to work with the Client who is a franchisor, your ability to manage more than one project simultaneously. You would be based at head office and have staff on each site to ensure effective delivery.

In return this management position holds prospects for promotion and working on the cutting edge of high tech construction and interiors on projects nationally. Package is somewhere in the region of R40/45K pm neg. This post needs to be filled urgently. Hope we are able to assist with your career, please let me, Jacqui Tuck have an updated CV.
