[New Era]Windhoek -Africa continues to fuel global property prices, as the continent's growth rate creates a class of well off individuals with an appetite for risks. This is according to The Wealth Report 2014, which shows that in 2013, prime residential property prices rose in the majority of locations around the world, including a number of African cities. Even though Namibia did not feature at the top as it did in the 2012 Knight and Frank Report for most expensive properties, The Wealth Report notes that Namibia is amon
