

Nigeria: Infusing Sanity Into Cement Industry

Submitted by [AA](#) [1] on 2 June, 2014 - 12:55

[Independent]The alarming rate of building collapse with attendant casualty in human and material resources in the country can no longer be taken for granted by any responsible government. However, the dust raised by the recent government's decision to restrict the use of 32.5 grade of cement on grounds of susceptibility to misapplication or misuse is yet to settle.
