

Polymer Associations host successful AGM s

Submitted by [AA](#) [1] on 9 July, 2015 - 15:55

Big challenges in recycling and big idea responses characterise the annual general meetings of two parallel but unrelated polymer industry associations. Here To Build reports on the highlights of the SAVA and POLYCO annual general meetings. The South African Vinyls Association (SAVA) 'Last year was one of the most challenging years our industry has faced. Despite...
